**Important Messages**

On the Weekly High Scores you may be listed in both scratch And handicap columns. These are the scores sent to the paper each week.

On the Season High Scores (as stated in the league rules discussed on the first night) you may only be listed in one scratch or handicap. This is the way prize money will be paid out. You will be listed in the highest possible position with handicap taking precedent over scratch.

That means if you have the highest scratch game/series and the highest handicap game/series, you will be listed 1st in the handicap column and not the scratch column. The 2nd best scratch would be moved up to the 1st position in the scratch column and would not be listed in the handicap column.
